

# Earth, Water Planet

1. You have looked closely at Earth and compared the amount of water on its surface. What did you discover?

2. If all the land were moved together, to the top of the globe, what would it look like? Use your brown crayon to show what it would look like if all the land were at the top of the globe. Then use your blue crayon to show how much of Earth is covered by water.

2. Write the names of the oceans and continents on the lines below. Your teacher will help you.

### Water

#### Oceans

1. \_\_\_\_\_
2. \_\_\_\_\_
3. \_\_\_\_\_
4. \_\_\_\_\_

### Land

#### Continents

1. \_\_\_\_\_
