

# You are invited

NASA and Northrop Grumman invite you to join us for a K-12 educator's workshop. During this series of workshops, you will participate in hands-on activities that you can conduct in your classroom and you will learn about free NASA resources that are available to teachers.

## October 12th

### "Accessing NASA Educator Resources"

- Find valuable NASA educator resources online
- Fun sample activities from various educator guides

## October 19th

### "3-2-1 Liftoff! Rocket Science for Your Students"

- Review the basics of rocketry and propulsion
- Hands-on rocketry activities to use in your class

## October 26th

### "Want to Borrow a Piece of the Moon?"

- Learn and participate in hands-on student activities relating to the moon and meteorites
- Become certified by NASA to borrow lunar and meteorite samples to use in your class

**Schedule for all Sessions:** 3:00 p.m. — 3:30 p.m. Sign in and Refreshments  
3:30 p.m. — 5:30 p.m. Workshops

**Location:** Northrop Grumman's Space Park Campus  
S-Forum Cafeteria  
Redondo Beach, CA

The workshops are free and will be presented by NASA and hosted by Northrop Grumman. All participants must pre-register before October 9 by calling (310) 812-4712. Snacks and refreshments will be provided.

Teachers attending the workshops will receive a certificate of completion for two hours of professional development (one certificate for each workshop completed).
